

Debt recovery fees for debts up to £100,000

Our separate guide details the procedures you can expect in any debt recovery action. Below are the fees that we will charge to you for each step in that process. They apply where you are seeking to recover an undisputed debt from a business.

Stage (1) – our fees for taking instructions and obtaining and considering documents and invoices, claiming repayment of the debt and complying with the Civil Procedure Rules on pre-action conduct.

Debt value	Our fees (excluding VAT)
Up to £5,000	£115 plus VAT
£5,001 - £10,000	£135 plus VAT
£10,001 - £25,000	£195 plus VAT
£25,001 - £50,000	£250 plus VAT
£50,001 to £100,000	£300 plus VAT
More than £100,000	By arrangement

If the debtor is an individual/sole trader, an additional charge of £100 plus VAT at 20% will apply.

Extra charges will apply if you require:-

- detailed interest analysis as part of your claim including calculations based on varying rates of interest;
- credit searches, traces or asset reports, to see if the debtor is worth pursuing. The cost of asset reports varies depending on the amount of detail sought, but they can typically cost upwards of £300 plus VAT. Credit searches cost much less;
- an initial meeting or further advice either before or after the letter is sent to discuss options generally. All information we require for the letter will already be to hand in what you have sent us (i.e. the statement of account), so a meeting is not usually necessary. The fee for any such meeting (if requested) is charged as an extra, at an hourly rate of between £195-£360 plus VAT per hour;
- advising you on the validity of any dispute or defence which may be raised by the debtor in response to the letter at this stage; and
- advice, preparation and service of a Statutory Demand.

We also conduct bulk Debt Collection work with fees agreed on a case by case basis.
